

About Us

SPRING (Southwest Pennsylvania Referral Network Group) was established in April of 2003 with a handful of members interested in building business while developing trust and relationships with each other. SPRING has grown into a network of business professionals whose philosophy is "serving others serves me." Our goal is to create goodwill among each other and our community. We strive to give the best service we can to each other and every referral we receive. We want you to support your local business, that's why we say "Call a neighbor." Call any member of SPRING and we promise you won't be disappointed – after all, it's not just our own reputation that is on the line, it is also SPRING's reputation.

Contact Us

If you are interested in joining SPRING or would like the value of any of our services, please call any member for details.
